

## JFK Expected to Nod Okay to Wheat Deal

By HARRY KELLY

WASHINGTON (AP) — There were signs that President Kennedy may break his silence today on a U.S.-Soviet wheat deal which is rumored in some quarters to be almost signed, sealed and delivered.

One straw in the wind was that the White House abruptly changed the time of today's presidential news conference to 6 p.m. EDT, two hours later than it had been scheduled.

The time change strengthened speculation and reports that the President was preparing to announce his decision on the proposed sale of American wheat to the Soviet Union and other Communist-bloc nations.

But Pierre Salinger, Kennedy's press secretary, said he had "no information about an announcement" and that the time for the news conference had been delayed because "it's more convenient for the President's schedule."

If Kennedy was about to make a decision on a U.S.-Soviet wheat deal, though, a source said he was keeping it close to himself.

Reports were coming in from other administration sources that Kennedy would disclose, probably today, that the United States was on the verge of selling more than \$300 million worth of wheat to the Soviet Union and three East European satellites.

The Soviet Union was reported to have expressed interest through diplomatic channels in buying \$250 million worth, with Hungary, Czechoslovakia and Bulgaria bidding for \$60 million more.

But there were caution signals around Capitol Hill.

Reports from pipelines there indicated that President Kennedy

## Tech's Science Hall Dedicated

RUSSELLVILLE, Ark. (AP) — Arkansas Tech College's new \$1 million McEver Hall science building was dedicated Tuesday by Gov. Orval E. Faubus, who outlined progress of his administration in a dedicatory speech.

Faubus said spiritual, cultural and political lives of the people must keep pace with science.

The building is named for Truman McEver, chairman of Tech's science division.

## Deadly Flora Showing Signs of Breaking Up

MIAMI, Fla. (AP) — Hurricane Flora, second most deadly storm ever to come out of the tropical Atlantic, sped toward the north-east today on a course that could bring gale winds close to Bermuda Thursday.

With at least 3,500 dead in its wake in the Caribbean, the giant storm was racing to its death in the cold waters of the North Atlantic.

A Weather Bureau advisory before noon placed the storm about 160 miles north-northeast of Turks Island. Earlier today, she had thrashed a handful of thinly populated Bahamian islands.

Flora's center surrounded by winds up to 100 miles an hour, passed over the island of Mayaguana before dawn, and then she picked up speed and swirled into the open Atlantic at 15 miles an hour.

The Weather Bureau said Flora would move faster and faster as she pressed toward northwestern Europe and England for the next few days. But by the time she reached the North Atlantic, cold air will rob her of tropical character.

Flora left behind a trail of devastation and death.

Officials at Haiti, hardest hit, estimated the dead at 3,500, but said the exact figure will never be known because the bodies cannot be found. Many parts of Cuba are still under water.

Some of the islands in the southeastern Bahamas were still due for gales.

But the islands, some of which contain U.S. missile tracking equipment, were expected to escape serious damage because of ample warning.

Flora moved off the northeast coast of Cuba Tuesday after pounding the island with winds and rain for five days. Nearly 60,000 persons reportedly abandoned flooded homes in Oriente and Camaguey provinces.

Over the weekend the slow-moving hurricane devastated Haiti, leaving 3,500 persons dead and 100,000 homeless. Flora also killed 17 persons on the island of Tobago, off Venezuela.

With communications in eastern Cuba knocked out, there was no immediate estimate of casualties.

## 500 Property Owners Turn Out to Protest Paving Plan

AN ESTIMATED 500 PERSONS TURNED OUT LAST NIGHT at a meeting called by Mayor Frank Douglas for a discussion of the proposed paving project. This shows the lower floor of the city auditorium.

## UN Mission Leaves Soon for Viet Nam

By TOM HOGE

UNITED NATIONS, N.Y. (AP) — A U.N. fact-finding mission is expected to leave soon for South Viet Nam to investigate charges that President Ngo Dinh Diem's regime is violating the rights of Buddhists.

The assembly agreed Tuesday to dispatch a mission to be headed by U.N. President Carlos Riosmena Rodriguez of Venezuela with instructions to report to the 11-nation forum as soon as possible.

Consent came without a formal vote after behind-scenes talks succeeded in getting the Soviet Union to drop a rival proposal which would have blocked a direct U.N. investigation.

Under the agreement, Chile and Costa Rica also withdrew a proposal that an inquiry be launched. This left the way clear for Riosmena Rodriguez to accede to the Diem government's request that a mission be sent. U.N. sources said he would start lining up the group today.

Informed sources said Riosmena Rodriguez probably would name seven members, including three from Asia, two from Africa and two from Latin America. Meanwhile, assembly debate is suspended on the charge that Buddhist rights are being violated in South Viet Nam.

The outcome obviously pleased the United States, which did not relish full-dress discussion of the Vietnamese issue at this stage.

Soviet Ambassador Nikolai T. Fedorenko took the Western position by surprise Monday with a proposal to turn the fact-finding job over to the Vietnamese Control Commission set up by the 1954 Geneva conference.

The issue was brought before the assembly by 16 nations who charged that the Diem government was still carrying on repressive measures against the country's major religion.

## Highway Bids Total \$3.1 Million

LITTLE ROCK (AP) — Bids will be opened Oct. 30 by the state Highway Department on eight highway projects which will cost an estimated \$3.1 million.

There are two interstate projects. The main one is the construction of 3.4 miles, less surfacing of Interstate 40 from near the west city limits of Clarksville northeastward along a new location.

The project includes surfacing of service and detour roads, an underpass and two slab bridges—all in Johnson County.

The other interstate project is on Interstate 55. It calls for construction of standard and guide signs and delineators from about 1.8 miles northeast of the Marie Interchange, northeastward to U.S. Highway 61 Interchange south of Blytheville—all in Mississippi County.

Other projects, by counties: Arkansas—widening and surfacing 7.39 miles of Highway 130, from Highway 11 near Stuttgart eastward.

Benton—Surfacing of .1 miles of Highway 102 from Centerton eastward to Bentonville.

Chicot — Bridge and short approaches over the Boeuf River about 5.8 miles west of Indian on Highway 52.

Cleburne — Surfacing of 7.25 miles of Highway 92 from Highway 16 eastward.

Craighead — Surfacing of 8.16 miles, remodel, resurface or extend three bridges on Highway 1, from about 3.7 miles northeast of Highway 173 at Jonesboro northeastward to the Greene County Line.

Union—Surfacing of 7.88 miles of Highway 160 from about two miles northeast of Highway 57 northeastward.

## USI Plotted Overthrow, Mrs. Nhu Says

NEW YORK (AP) — Mrs. Ngo Dinh Nhu said today the United States Information Agency is "helping feverishly" a plot to overthrow the South Vietnamese government.

The First Lady of the Southeast Asian country made the assertion in the first of a series of speaking engagements that will take her across the United States.

She appeared at station WOR-TV to tape an interview before going to an Overseas Press Club luncheon at the Waldorf-Astoria Hotel where pickets were awaiting her.

Replying to a question on the taped television program by Joseph Newman, New York Herald Tribune reporter, Mrs. Nhu said: "The USI seems to be really working, helping feverishly that plot. How much they have helped, I do not know. The people are absolutely fidgety about that plot."

The 38-year-old sister-in-law of South Viet Nam's bachelor president, Ngo Dinh Diem, was asked by William Haddad, also of the Herald Tribune, about Buddhist monks who cremated themselves in protest against the regime.

Mrs. Nhu, who previously had been quoted as referring to such suicides as "barbaric," replied: "Those who burned themselves are real Buddhists, sincere Buddhists, but unfortunately they trusted too much the people. . . who incited them to make those sacrifices."

Mrs. Nhu was accompanied by a daughter, Le Thuy, 18, as she left her hotel.

The petite but fiery First Lady smiled as she and her daughter, guarded by a police escort, strode to a limousine.

Mother and daughter arrived Monday night from Europe for a three-week stay in the United States.

Mrs. Nhu spent Tuesday in her suite, resting and preparing for her speaking tour.

## Kiwanis to Hold Pancake Supper Here

Hope Kiwanis club will hold its annual Pancake Supper at the high school cafeteria Friday from 5 to 7:30 p.m., preceding the annual Homecoming football game between Hope and Crossett.

Net proceeds which are expected to range from \$300 to \$400 will be donated to the Junior High Athletic Fund.

Total of 750 tickets went on sale earlier this week, and are being distributed by members of the junior high school.

Price of admission, \$1 for adults and 50 cents for students, entitles each person to all the pancakes and sausages that you may desire, as well as cold drinks, coffee or milk.

The meal will be prepared and served by members of the Kiwanis organization which stages the affair annually for the benefit of the school athletic program. T. J. Shelton is Kiwanis chairman of the Pancake Supper.

At the club's luncheon meeting yesterday, two new members were inducted into the club, Clyde Davis of Shipley Studio; and Joe Rucker, new manager of a paint store in Hope.

Eddie Whitman and Guy Grigg gave a report on a district Kiwanis meeting they attended recently at Joplin, Mo.

## Bulletin

FAYETTEVILLE, Ark. (AP) — The University of Arkansas made formal application with the National Collegiate Athletic Association today to telecast the Arkansas-Texas football game under the exception rule granted in the Texas-Oklahoma game this Saturday.

## Ruling Made on Obscene Literature

LITTLE ROCK (AP) — Atty. Gen. Bruce Bennett advised City Atty. George Holmes of Pine Bluff today that a 1961 law giving prosecuting attorneys authority to act against obscene literature does not supersede earlier state laws on the subject and apparently would not affect a Pine Bluff city ordinance covering the topic.

Bennett said he could not pass a final judgment on the city ordinance because Holmes had not provided him with a copy of it. But Holmes said that the ordinance was similar to Arkansas Statute 41-2704 (1971) and Bennett said this law had not been superseded by Act 261 of 1961.

Act 261, Bennett said, was enacted to give prosecuting attorneys a "speedy civil remedy" for obtaining judicial determination of the character and content of allegedly obscene publications.

He said the earlier law was directed at the sale of obscene literature and remains valid.

In other opinions issued today, the attorney general:

Advised recorder V. D. Mitchell of Farmington that state law requires a city council to fill a vacancy in the mayor's office by majority vote of its members at its first regular meeting after the occurrence of such vacancy.

Told Recorder Mrs. Verna Travis of Sulphur Rock that state law requires that a candidate in the November 5 general election is not eligible on a poll tax which expired last Oct. 2 but must hold a current poll tax. He also told Mrs. Travis that a 1963 law requires write-in candidates to notify the county board of election commissioners of their intention to be write-in candidates at least 30 days before the election.

Advised Sheriff Carl Campbell of St. Francis County that it is legal to use trucks with natural resource license tags to haul farm equipment on state highways.

## Will Review Trade With Communists

WASHINGTON (AP) — The Senate Foreign Relations Committee agreed today to undertake a long-range review of policies which now restrict agricultural and non-strategic trade with the Communist bloc.

Chairman J.W. Fulbright, D-Ark., announced plans for re-examination of international trade restrictions after a lengthy closed meeting with Secretary of State Dean Rusk.

Rusk went before the committee for the announced purpose of asking restoration of some of the \$1-billion cut by the House from President Kennedy's foreign aid requests, but the senators devoted much of their time to the trade discussions.

Demands for the trade review grew out of congressional debate over the proposed sale of millions of dollars of American wheat to Soviet Russia. Supporters of the sale contend Kennedy has authority to set aside restrictions on such transactions previously voted by Congress.

Fulbright said the discussion reflected the sentiment of many of the senators present that the United States "should proceed with the wheat deal" with the Soviets.

"Certainly a substantial number felt that way—clearly a majority," he told reporters.

## Burglar Is Returned From Tenn.

A 16-year-old boy from West Virginia listed as Delbert Ward was arrested in Rollo, Mo. yesterday on charges of auto theft and he was admitted to ransacking several cars here last week. Chief Jack Brown said the youth had George Frazier's credit card when arrested.

Chief Brown and Sheriff Jimmie Griffin returned from Memphis at 2 a.m. today where they took custody of a man who admitted to robbing Plaza Cafe and a service station of \$27 here Sunday.

The man, listed as Marvin Sylvester Arnold Gibson, 33, was arrested in Memphis Tuesday. He waived extradition and was returned here for trial.

## Paving Deal Is Killed by Hostile Group

Hope's proposed \$640,000 paving improvement district, involving \$250,000 federal aid and a 20-year mortgage on local property, apparently is a dead duck following its submission Tuesday night to a mass meeting in the city hall which greeted it with completed hostility.

City officials presented the plan to a crowd of 500 which nearly filled it or not. The answer was said to be up to the citizens to say last night whether they wanted it or not. The answer was definite: Practically all the speakers from the crowd were hostile, were greeted by applause, and at the end the crowd left the hall ignoring the petitions which had been left at the auditorium door for possible signers.

Mayor Frank Douglas and City Attorney James H. Pilkinton told the audience that the paving plan meant nothing to them personally but the time had come to get the people's verdict — and either go ahead or kill the project.

## THE FIGURE

City Manager Garland Medders presented the paving district figures with technical questions from the floor being answered by City Engineer John E. Hawkins. Mr. Medders said the estimated overall cost of paving, curb and gutter work, is \$640,000, of which \$250,000 is covered by a federal grant, and \$128,000 to be borne out of municipal water & light plant earnings — leaving a balance to be borne by property owners of \$262,000 or 40%, on an improvement district mortgage spread over 20 years.

Cost to the property owner was placed at \$16 a year for an average 50-foot town lot, with curb and gutter — \$8 a year without curb and gutter.

Mr. Medders pointed out that the \$250,000 federal grant was given Hope as a city with high unemployment, and it had to be used within a year.

## HILL ATTACKS

The attack upon the paving plan was opened by Frank J. Hill, former Hempstead county sheriff and collector, and now active in real estate and insurance — and from the applause given him it appeared at once that the crowd was against the proposal.

Mr. Hill attacked the improvement district idea as such. He said state law was at fault declaring:

"This plan starts off one-sided. It is unfair because you may have to pay benefits simply because a majority in dollar valuation votes for the district — that is to say, they sign the petition to organize. I am for better paving. I would support a millage tax plan. I'm against the present plan."

"Today the plan covers Ward One, with federal aid. But how do you know that by the time you get around to improving the other wards there will be any federal aid."

"We used to have a pay-as-you-go plan for paving. On a pay-as-you-go plan we might have the entire city paved in eight or nine years."

Carl Jones asked from the floor: "If your property won't get any benefits will you have to pay an assessment?" The answer from Atorney Pilkinton was "No."

"But can you still sign the petition?" The answer was "Yes."

Attorney Pilkinton pointed out that no vote is provided on an improvement district, but a two-thirds of property valuation has to be represented by signers to the petition — "so if you don't sign the petition you are in effect voting against it."

Others who spoke against the project were: Thomas Fenwick, Jr., Woodrow Parsons, former County Judge U.G. Garrett, and some who could not be identified.

Those speaking in behalf of the measure for the city government, besides the mayor, attorney, and engineer, were: LaGrone Williams, George Frazier, Al Graves, and Dr. Lloyd Guerin, all members of the board of directors.

## Pickets Strike Processing Plant

SPRINGDALE, Ark. (AP) — Pickets struck the new Ralston-Purina Co. turkey processing plant Tuesday, a day after the plant opened.

Bob Parker of Fayetteville, president of the Food Handlers Local which represents plant employees, said the strike was called because the company had discriminated against union members in its hiring policies.

## Never Make Heavy Weather of Anything — A Fine Old British Phrase to Live by

By HAL BOYLE

NEW YORK (AP) — Ever afterward the girl would remember this moment as the turning point in her life.

She was tall and slender and 17 years old. She had green-blue eyes and reddish gold hair, and the freckles on her fair skin shone like tiny doubloons scattered by wastrel elves.

She walked hesitantly into the room where a number of men were drinking cocktails and smoking.

"Say the Lord's Prayer," brusquely commanded producer Gabriel Pascal.

"Our Father, who art in heaven, begin the girl. For a moment, frightened, she paused, then went on. 'Hallowed be thy name. Thy kingdom come, thy will be done. . . ."

The room became silent except for her voice. When she had finished, the men exchanged glances.

Then Pascal signed the girl, who had been living on \$10 a week in a London YMCA, to her first movie role—as the Salvation Army lass in Bernard Shaw's "Major Barbara."

Deborah Kerr, now an international film star who has six times been nominated for academy awards, recalled the incident during a stopover on her way to Mexico to make her 28th picture, "Night of the Igloo," in which she will co-star with Richard Burton and Ava Gardner.

"I was so unnerfed that I was

afraid I'd forget the words of the prayer," she said.

Miss Kerr carries herself with an air of aristocratic grace and elegance that is rescued from aloofness by an easy warmth and which she doesn't mind at all.

"If you have freckles, you might as well relax and enjoy them," she remarked. "There's nothing you can do about them."

The major tensions that afflict many actresses seem to have passed Deborah by.

"But my biggest fault probably is fretting over trifles," she said. "I'm terribly indecisive — perhaps because I was born in September under the 'adice sign of Libra.'"

Miss Kerr has wide-ranging interests—painting, the piano, poetry, and studying cook books. Her favorite food is "spaghetti with anything," and her greatest unachieved ambition is "to be able to cook marvelously."

Deborah is somewhat apologetic over being so distressingly normal.

"I have a happy life," she said. "Perhaps I should be a bit more of a kook, but I'm afraid I'm too old to start."

She said that her philosophy stems from her aunt, who on giving birth to a child at the age of 48 and being asked what it was like, replied, "Never make heavy weather of anything, dear."

"Now doesn't that sound terribly British and natural?" asked Deborah, smiling. "But it's a good phrase to live by."

## Showdown in Algeria Looming

ALGIERS (AP) — A showdown appeared building up today in Algeria's Berber revolt as President Ahmed Ben Bella cancelled a trip to the U.N. General Assembly and moved more troops toward the rebel stronghold in the Kabylie Mountains.

Apparently abandoning hope of settling the dispute by negotiation, Ben Bella ordered troop convoys into the mountains east of Algiers and told a news conference: "There will be no discussions with the criminals, no bargaining. They only understand the language of machine guns."

Ben Bella, who had been scheduled to leave today for New York, also announced that 10 persons had been killed in a clash in the coal-rich Colomb-Bechar area of the northwest Sahara which both Morocco and Algeria claim.

He blamed the incident on "uncontrolled Moroccan elements"—an apparent slap at the Moroccan government—but did not say which side suffered the casualties.

There was no immediate comment from Moroccan officials.

The Algerian government's major concern was the rebellion of the Berber tribesmen, who are chafing under Ben Bella's one-man rule.

## Educator Succumbs

SEATTLE (AP) — Dr. Lee Paul Sieg, 84, president emeritus of the University of Washington, died Monday. Dr. Sieg was president of the university from Aug. 1, 1934, to Sept. 1, 1946, the longest tenure in the school's history.

## Rephan's Observing 41st Year

The present Rephan Department Store organization began 41 years ago at Prescott.

The late Ed I. Rephan began his own business calling the establishment "Rephan's Value First Store". From this first unit at Prescott, which did a total of \$20,000 worth of business for the first year, Ed Rephan expanded and opened another Rephan's Value First Store at Hope. Today on the 41st anniversary Rephan's operate 13 stores and employs 110 full time associates.

Ed Rephan dedicated himself to fair and honest dealings with his fellow man. He recognized the path to success called for the development of men and women working together. The emphasis has always been placed on respect and courtesy to people, and honest merchandise values, rather than promotional gimmicks.

The Rephan operation is owned by Hannah Rephan, wife of the founder, and Bernard Rephan, son of Ed Rephan. Present management is headed by Bernard Rephan, who has been active in company affairs since his graduation from Washington University in 1948.

Bernard Rephan served in the U.S. Army Air Corps during World War II and flew combat missions as a gunner in the 8th Air Force. He is married and has three children.

At the management level, some of the pioneers who are still active in company affairs include Clarence Wooley, who has been part of the Rephan organization for 36 years, presently manager of Rephan's Department Store, Malvern, and B. F. Benton, 33 years service, as bookkeeper. There are 5 other store managers who have had more than 20 years experience with Rephan organization. Mr. Hody Butler, local store manager, who has been with the Rephan organization 5 years.

Today the Rephan organization looks forward to continued growth. Bernard Rephan said, "I am confident in the future of Arkansas and in the role that our personnel will play in the future growth and development of our business, state and nation. Our personnel will continue to work with loyalty and sincerity to bring honest values to customers of Rephan stores. We believe that honest values are as important today as they were when this business was founded 41 years ago. We respectfully offer our sincere appreciation to the many wonderful customers who have granted us the privilege of their patronage and friendship."

## DOROTHY DIX

### HUSBAND RISKS SECOND SHOT

By Helen Worden Erskine

Dear Helen: I wrote you about trouble with my brothers and your advice helped. Now I am knocking on your door again. My 40-year-old husband is dating the 26-year-old mother of four. She admitted the whole sorry affair to me, saying my husband couldn't be discouraged.

She drives by our house, tooting her horn, also phones two or three times a day and, if I answer, hangs up. My husband admits knowing her. He takes our 7-year-old boy, she her kids, and they all meet at the beach or movies.

I told her husband. He, being away most of the time, refuses to believe his wife is unfaithful and will sue me if I continue to say so. The children and I are crazy over their Dad and torn up by these goings on. He is a good father and, until recently, was a good husband. He left us yesterday shouting that if I go to court he will quit his job so I'll be forced to support myself and the children. My education is sketchy so it won't be easy to find a paying job. He got shot in the head when a kid and his brother says he's been pampered ever since.

He left us the car, home and loads of unpaid bills. The kids cry for him. They are 16, 14 and seven. I feel like killing myself. Should I? —Berett Wife

Dear Berett: Your husband was shot early in life, and that didn't solve anything. You won't help matters by taking your own life and transferring your burdens to three children, an assortment of creditors, and an immature

husband who seems to be a blend of Penrod and Don Juan.

You drew an unlucky card in the blings of marriage, but the game isn't over.

That exit line of your husband's reminds me of a burglar who robs the cash register, waves a gun at the victim, warns him not to make a move, then vanishes. Some victims actually stand paralyzed, afraid to pick up the telephone or call out for help, while the thug makes a comfortable getaway.

Don't be a jellyfish. Get a lawyer quickly. If you can't afford a lawyer, telephone one, explain your situation, and ask if there is a Legal Aid Society branch in your community. Desertion and the threat of nonsupport are not trivial matters. Give your love-happy meat dose of the same bitter tea he is feeding you. No matter how sketchy your education, you must know you're being played for a fool. Your man, at the rate he's going, might get his second gunshot wound, but you'd be wise to fire a few legal darts his way before some outraged husband straightens him out horizontally. Don't threaten. Act.

Dear Helen: How old should a girl be before she can talk on the phone when a boy is calling? I am 14 and my parents won't let me accept telephone calls from boys or receive them in our home. Why, when I have never done anything wrong? My mother refuses to discuss sex with me. What little I know I've picked up from friends or relatives. —L.

Dear L.: Unfortunately your mother, like many parents, is probably inhibited when it comes to discussing sex. Much has been written on the subject, especially geared to your level, so perhaps you can find a book or article at your library. If not, consult your biology teacher in school. Also, send a stamped, self-addressed envelope for my leaflet, "Sex Education for Teen-Agers."

Your father and mother are behind the times in their attitude about your receiving phone calls and visits from boys. They should read "Youth—The Years from Ten to Sixteen" by Gesell, Ilg, and Ames. You might also ask your school guidance counselor to have a talk with your parents.

Dear Helen: I'm calm as a cucumber on the surface but a seething caldron of fear inside. Lord knows what the consequences will be if I ever boil over for I'm the steady influence in a temperamental family. What can I do about these inner fears? —Apprehensive

Dear Apprehensive: Fear is our friend as well as enemy. In the negative sense, fear can make us sick and sickness can make us fear. That kind of fear will wreck our lives unless we dig it out. Dig yours out by writing about them to me. The very act of facing them on paper is therapeutic.

Have you a problem? Perhaps Helen Worden Erskine can help you. Write her in care of this newspaper, enclosing a stamped, self-addressed envelope.

McRoy - Tutt Exchange Vows

A double-ring ceremony in the St. Andrews Cumberland Presbyterian Chapel at Odessa, Texas joined in marriage Miss Patricia Ann McRoy, daughter of Mrs. Earl W. Harrison, Odessa and Henry T. McRoy of Hope, to Joe Michael Tutt, son of Mr. and Mrs. Joe Tutt of Crawley, La. on September 2.

The Rev. Sam Waymon heard the vows at 7:30 before an altar centered with a pedestal holding an arrangement of white gladioli, bosoms and banks of palm foliage. The branched candelabra, anthesis with emerald banded each sides of the altar. Pews were marked with satin ribbon and jade foliage.

Nuptial music was provided by Mrs. Hilton R. Bates, Jr., organist and Hilton R. Bates, Jr. soloist.

Given in marriage by her step-father, the bride was gown in a white chantilly lace bodice with satin trim at the neckline and at the tips of the long tapered sleeves. The skirt of her knee length bridal dress was organza over taffeta. The bride carried a bouquet of white roses, anemones and satin streamers atop a white Bible.

She wore a Juliet crown of pearls with five tiers of tulle forming a waist length veil.

For her maid of honor, she chose Donna Russell as her only

Mrs. and Mrs. M. T. Hubbard

Mr. and Mrs. M. T. Hubbard celebrated their 50th wedding anniversary with open house at their home on the Palmos Road, Sunday afternoon, September 29, between the hours of 2 and 5.

Jimmy Griffin and Milton Mosier, sons-in-law of the couple, greeted the guests at the door and invited them into the living room where they met the honored couple and their three children, Mrs. Milton Mosier, Mrs. Jimmy Griffin of Hope and Tom Hubbard of Texarkana. Mrs. Hubbard wore a royal blue crepe dress and pinned a yellow mum corsage at her shoulder.

For the occasion the home was beautifully decorated with various pot plants and cut flowers, which were gifts from friends.

Mrs. Tom Hubbard, daughter-in-law and Tommy Mosier, grandson, had charge of the guest book.

The guests were invited into the dining room by Mrs. Arnold Middlebrooks. Where punch, cake, squares, nuts, and mints were served from a table overlaid with white nylon and lace tablecloth over yellow centered with a three

attended. She wore a blue silk shantung sheath dress with matching accessories. The maid of honor carried blue majestic daisies with ivy and satin streamers.

Gene Mobbs of Crane, uncle of the groom, was his best man. The ushers were Jackie Reefaver and Tommy McRoy, brother of the bride.

Miss Sharon Tutt, sister of the groom was the candlelighter.

For her daughters wedding, Mrs. Harrison, chose a blue crepe sheath with matching accessories. Mrs. Tutt, mother of the groom, wore a cherry red dress with matching accessories. Both mothers wore corsages of white feathered chrysanthemums.

Immediately following the wedding, a reception was held in the home of the brides mother.

The brides table was laid with a white damask and an overlay of lace. Clusters of roses trimmed the edge of cloth catching the four corners with rose bouquets. A table centerpiece was fashioned of roses. The wedding cake was a three tiered confection white column and love birds held the top tier of a miniature bride and groom. A table holding the brides bouquet was decorated with a gold candelabrum containing amber vigil lights and grapes in hogarth design.

Golden champagne punch and wedding cake were served in orchid designed crystal.

Assisting in serving were Bobbie Lemmond, Martha Perry, Donna Russell, Jackie Kufaver, Mrs. Virginia Johnson with supervision of Mrs. Gene Mobbs of Crane, Texas.

Mrs. Virginia Johnson and Jackie Kufaver were in charge of the brides book.

For travel, the bride wore an olive green three piece suit made of Hapsack with a corsage of white roses from her bridal bouquet.

The newly weds will go to Carlsbad, New Mexico and also west Texas.

The bride is the granddaughter of Mr. and Mrs. R. E. McRoy of Hope.

Builders Class Meets

The Builders Class of the First Baptist Church, Mrs. Henry Haynes, Teacher, met for a delicious pot luck supper on Monday night at the Fellowship Hall. Honored guests were members being promoted from the class and the new members coming into the class.

Mrs. Reese Chambliss, the retiring president, led in the business meeting, followed by a very impressive and inspirational service by Mrs. Roy Taylor as they installed the following officers: President, Mrs. Jack Fountain; Vice President, Mrs. Armin Ayers; Corresponding Secretary, Mrs. Ned Purdie; Treasurer, Mrs. Roy Moser; Publicity Chairman, Mrs. Leon Davis; Group Captains, Mrs. J. H. Porterfield, Mrs. J. T. Bowden, Mrs. Clyde Coffee, Mrs. Andy Gilbert, and Mrs. Johnny McCorkle.

After a minute of silent prayer for the coming year of Sunday School work, Mrs. Hendrix Sprag-

hered wedding cake, beautifully decorated in gold rose buds and topped with wedding bells and the anniversary date "50". On either end of the table were candelabras holding gold candles. Serving in the dining room were Miss Judy Griffin, granddaughter, and Mrs. Shirli McCoy.

Misses Sue Griffin, granddaughter, Charlotte McQueen, and Janice Bailey displayed the many lovely gifts.

Out of town guest included Mr. and Mrs. Tom Middlebrooks, Asdown; Mr. and Mrs. Dewey Hamilton, Mrs. Mina Hinton, Thomas Hinton, Mrs. Mildred Williamson, Mr. and Mrs. Dale Hubbard, Texarkana.

Mr. and Mrs. O. B. Hubbard, Idabel, Okla.; Mr. and Mrs. W. T. Miller, and Betty Lynn, Little Rock; Mr. and Mrs. Micky McKnight and Donna, Mt. Pleasant, Tex.; Wilbur and Lewis Middlebrooks, Shreveport; Dolly Middlebrooks, Redondo Beach, Calif.

There were approximately 150 guests who called during the appointed hours.

Hostesses for the evening were: Mrs. Armin Ayers, Mrs. Lester Godwin, Mrs. Cecil Bittle, Mrs. J. H. Porterfield and Mrs. Leo Hartsfield.

PEO Entertains Girls Of Senior Class

Chapter AE, P.E.O. entertained girls of the senior class at Hope High School with a tea Tuesday, October 8 after school in the home of Mrs. Franklin McLarty. Senior High teachers of Hope High School were also special guests.

Mrs. McLarty and the chapter president, Mrs. Herbert Stephens, greeted the guests at the door. Pretty fall arrangements were seen throughout the home. Mrs. W. W. Compton and Mrs. E. P. O'Neal invited those calling into the dining room.

The serving table was centered with an arrangement of yellow carnations flanked by yellow candles. Serving the frosted punch were Mrs. Lynn Harris and Mrs. Jewel Moore, Jr., and pouring the coffee were Mrs. Roy Bagley and Mrs. C. V. Nunn. Cookies were also served, and silver appointments were used.

Assisting in serving were Mrs. Albert Graves, Mrs. W. E. Trotter, Mrs. H. O. Kyler, and Mrs. L. D. Springer. Greeting the guests in the living room were Mrs. Paul Rawson, Mrs. Gus Haynes, and Miss Mable Ethridge, while Mrs. Jim McKenzie and Mrs. C. Ott Stuart, Jr. were in the TV room.

In the game room Mrs. Henry Haynes and Mrs. F. M. Horton told the senior girls about the P.E.O. sponsored Cottey College of Nevada, Mo. Mrs. Cecil Wyatt showed the callers through the spacious new home. Also dispen-

sing hospitality to about 75 guests were Mrs. B. N. Holt, Mrs. E. H. Stewart, and Mrs. W. Y. Foster.

## Extradition of Two Is Sought

MORRILTON, Ark. (AP) — Circuit Judge Wiley Bean signed papers Monday asking Texas to extradite Billy Frank Gross, 26, and

Benjamin Wingard, 32, on first degree murder charges in connection with the death of Frank A. Birch, 69, of near Hattiesville.

Gross, of near Hattiesville, and Wingard, of near Pine Bluff, were arrested last Wednesday at Lub-

bock, Tex. where they are held under \$50,000 bonds.

Birch was found brutally beaten and his throat cut with a hacksaw Sept. 29 after two women told police of witnessing the slaying.

## Mobster Tells About Killing of Mercy

WASHINGTON (AP) — Informer Joseph Valachi testified today the gangland murder of Willy Moretti was "a mercy killing" ordered by the men who ruled the crime brotherhood, Cosa Nostra.

He said John Robilotto—Johnny Roberts—was one of the men who killed Moretti in a New Jersey restaurant in 1951.

"It's supposed to be a mercy killing because he was sick," Valachi told the Senate Investigations subcommittee.

He said Moretti ruled a gang of 40 to 50 men in New Jersey. "He was like independent," Valachi said. "He had his own little army."

John J. Bergin, assistant attorney general of New Jersey, testified that his general information tends to corroborate Valachi's version of the Moretti killing.

Sworn as a witness, Bergin endorsed two new laws the Justice Department hopes may develop from the present hearings — one to permit wiretapping and another to pressure witnesses to testify in racketeering cases.

"I personally believe," Bergin said, "we have reached a point where these people depicted here represent such a menace. . . we must, with proper safeguards, have wiretapping."

With telephone wiretapping legalized, Bergin said, "Four men can do the work of 400" in investigating the underworld.

Valachi said Vito Genovese, the man he has labeled the biggest boss in the Cosa Nostra lineup, didn't like Moretti's operation.

The Cosa Nostra bosses, Valachi said, began talking about Moretti's being out of his mind because of a syphilitic condition.

Valachi said Moretti had had mental troubles earlier, and the syndicate had him cared for until he recovered.

"Now they're talking about hitting him," Valachi said. "It finally happened around 1951 that Willy Moretti was killed."

Valachi said the Cosa Nostra bosses all agreed Moretti should be killed.

"It happened to be Johnny Roberts and some other people which I don't know had an appointment with Willy early in the morning around 1951," he said.

Valachi said that's when Moretti was slain.

He said the appointment was at a restaurant near a place called Duke's, in Palisades, N.Y., which he said was a Cosa Nostra hangout.

Earlier, Valachi testified the Cosa Nostra bosses laid down a rule against trafficking in narcotics in 1957. He said some money-hungry gangsters violated the rule even at the risk of death.

SAIGON, Viet Nam (AP) — President Ngo Dinh Diem's government announced today that 107 Buddhist monks and followers arrested in the government crackdown last August were released Monday.

They had been detained nearly seven weeks, since troops and riot police stormed pagodas Aug. 21 and arrested Buddhist leaders and followers throughout the country.

The announcement did not say how many Buddhists were still held. More than 2,000 were reported arrested in August.

MONTREAL (AP) — Eight young men have been sentenced to prison for the rash of antigovernment bombings in the Montreal area last spring. All pleaded guilty.

The bombings were the work of the Quebec Liberation Front (FLQ), a small underground group that wants the French-speaking province to secede from Canada. A night watchman at an army recruiting station was killed April 20 and an army explosives expert was maimed May 17.

Two founders of the FLQ, Gabriel Hudon, 21, a draftsman; and Raymond Villeneuve, 20, a student, were given four and three years, respectively, for the injuries to the explosives expert. Richard Bizier, 18, an elevator operator, was given six months for placing explosives.

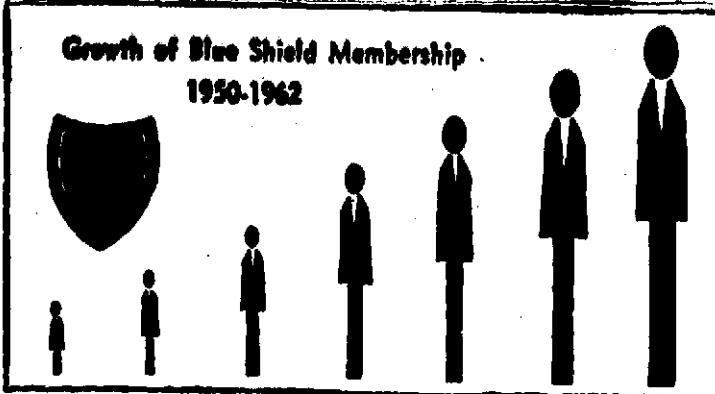

MONTREAL (AP) — The St. Lawrence River lock strike went into its fifth day today with some indication that the striking longshoremen and the shippers are a little closer together.

Among Blue Shield subscribers, about 3.5 million persons were 65 or over.

## JFK Expected

Continued From Page One

was carefully examining the political aspects of the situation before making a decision.

Although Sen. Hubert H. Humphrey, assistant Senate Democratic leader, predicted the sale, with payment in gold, would be closed soon, other advisers expressed doubt Kennedy would leap into anything that might expose him to Republican attacks in the 1964 campaign.

Kennedy was reported Tuesday looking about for more expressions of opinion before making up his mind.

After a White House meeting, Senate Democratic Leader Mike Mansfield of Montana suggested that the President would like some "initiative" from appropriate congressional committees and farm organizations.

The big question Kennedy will have to decide is whether wheat can be sold to the Communist-bloc countries at the subsidy price.

Since American wheat runs about \$2 a bushel on the domestic market, about 60 cents a bushel above the world market price, the government pays an export subsidy so that U.S. wheat will be competitive in international trade.

But this subsidy has been denied to shipments to Iron Curtain countries. If it should be approved for a sale to the Soviet Union, now, it would mean Moscow would be buying U.S. wheat at a lower price than American consumers can.

Montreal said some "slight progress" had been made.

The wage strike by 3,800 longshoremen has tied up the ports of Montreal, Trois-Rivieres, Quebec City and Sorel just at the start of the busy autumn shipping period. The scheduled movement of 60 million bushels of Canadian wheat to Russia through these ports is threatened.

on Fidel Castro's island.

Havana reported that the rain had stopped and the winds abated in Oriente and Camaguey provinces, allowing relief activities to pick up. Relief work also was stepped up in Haiti.

Disaster survey teams reported a pressing need for clothing, shoes and medicine in interior villages of Haiti. Officials said 40 per cent of the country was devastated.

Village huts in the Negro nation offered only flimsy resistance to the storm.

Castro reportedly had a close brush on an inspection trip of the storm-battered eastern provinces when waves washed over his amphibious truck. Radio Havana said peasants tossed ropes to the distressed vehicle and hauled Castro and his party to shore.

The Cuban government already has announced cuts in food supplies, including a 50 per cent slash in beef rations and vegetables and a cutoff of coffee.

Carlos Rafael Rodriguez, chief of the Agrarian Reform Institute, said heavy losses were suffered in all crops, including sugar, backbone of the Cuban economy.

# Rules in Way of Televising Hog-Texas Tilt

By BILL SIMMONS  
Associated Press Staff Writer

The National Collegiate Athletic Association rulebook stands in the way of television coverage of the Arkansas-Texas football game in Little Rock the night of Oct. 19.

Despite the fact that the NCAA gave a go-ahead to television coverage of Saturday's Texas-Oklahoma game at Austin, Tex., officials of the NCAA and the Southwest Conference said Tuesday no such ruling can be expected on the Arkansas-Texas game.

That also is despite the fact that Doug Romine, vice president and general manager of KARK radio and television stations at Little Rock, has offered the stations' facilities for a telecast of the game. Romine reportedly has offered to make time available for the game without sponsorship, if the university would agree.

Arkansas fans unable to get tickets to the Oct. 19 game began demanding television coverage so they could see the battle between the two teams picked most often to win the conference title.

The fans, taking the Texas-Oklahoma decision as a precedent worth following, want another exception for Arkansas.

There had been a question whether the telecast of the Texas-Oklahoma game would be allowed since it conflicted with Saturday's Austin-Seawave game at Sherman, 55 miles north of Dallas.

NCAA rules state that a television blackout will be in effect if another college game is being played within a radius of 120 miles and is not a sell-out. The game at Sherman was not a sell-out.

However, the NCAA is permitting the telecast because all arrangements have been made and because Austin College officials approved.

Howard Grubbs, executive secretary of the Southwest Conference, notified University of Arkansas officials in a letter made public Tuesday that NCAA rules prohibit a telecast of the game because three other college football games are scheduled within 120 miles of Little Rock the night of Oct. 19.

Southern State College plays College of the Ozarks at Clarksville, 104 miles northwest of Little Rock; Tarleton, Tex., plays Henderson State Teachers at Arkadelphia, 75 miles southwest of Little Rock; and Arkansas AM&N College plays Wiley College of Marshall, Tex., at Pine Bluff, 50 miles southeast of Little Rock.

Southern State, Ozarks and Henderson are members of the Arkansas Intercollegiate Conference. Charley Adcock, executive secretary of the AIC, said Tuesday night league representatives had voted unanimously Aug. 29 not to oppose television efforts by the university or any college.

"It's fine with us if they televise the Arkansas-Texas game," he said.

Dr. Lawrence Davis, president of AM&N, and Sam Anderson,

# Koufax Is Member of B'nai B'rith

WASHINGTON (AP) — Glad news today from B'nai B'rith, the American-born Jewish service organization, as it gets ready for its 120th birthday party:

Sandy Koufax is a member. As you undoubtedly know, Koufax is a left-handed pitcher for the Los Angeles Dodgers, who humbled the New York Yankees twice in baseball's World Series.

Hence he is entitled to take his place along with such B'nai B'rith notables as Sigmund Freud, the subconscious prober; Bess Myerson, the osetime Miss America; Dr. Jonas Salk, who discovered polio vaccine, and Richard Tucker, the opera singer.

If the list seems unusually varied, well, B'nai B'rith leaders like to stress that the Jews, like every other group coming to this astonishing country, have a rich and varied history.

On Oct. 13, 1943, 12 Jewish immigrants got together in New York City, chipped in \$60 for a widows' and orphans' fund, and B'nai B'rith was on its way.

Now it spends more than \$15 million a year on various charities and service programs, has a large eight-story building here in Washington.

# To Tokyo Meet

NEW YORK (AP) — John Penello of Miami, the first 17-foot pole vaulter, Olympians Harold and Olga Connolly, and Pan-American diving champions Bob Webster and Linda Cooper, head a group of 21 athletes named by the AAU Tuesday to participate in the Tokyo International Sports Week, Oct. 11-15.

chairman of the AM&N Board of Trustees, both said the school would not oppose television coverage of the Arkansas-Texas game.

"We would be happy to have them televise it," Davis said.

AM&N is a member of the Southwestern Athletic Conference. Everybody seems willing but the NCAA.

Walter Byers, NCAA executive secretary, was contacted late Tuesday at his home in Kansas City. He said it did not matter that the schools approved of televising the Arkansas-Texas game, and felt they could not be hurt by television coverage of the game.

"When there is a concentration of college football games," he said, "we want to protect all the schools. We want to protect college football. Certainly a lot of people want tickets to that game, but the philosophy of the NCAA is to maintain college football in as many schools as possible."

Byers said it is irrelevant whether the schools involved in the games at Pine Bluff, Arkadelphia and Clarksville want the Texas-Arkansas game to be televised.

"Our mission is to protect college football, wherever it is played," Byers said.

AM&N and the AIC schools are not members of the NCAA, but Byers and Grubbs both said the rule applies, nevertheless.

## Figures Porks Will Win Over Baylor Bears

By HAROLD CLAASSEN  
Associated Press Sports Writer

NEW YORK (AP) — Oklahoma is ranked No. 1 in the college football world and Texas is ranked No. 2.

Saturday these two rivals collide in the athletic showpiece of the Texas State Fair in Dallas. When it is all over, Oklahoma still will be No. 1, ending a string of five straight losses to the Longhorns.

This corner was correct on 39 of 52 picks a week ago for a .750 average. The season's figures are 109-42 for .722.

Oklahoma is the pick because of Jim Grisham's power running and the superb condition of the entire Sooner squad. Texas is hurt with Ernie Koh Jr., the club's star punter and hero of the Texas 96-triumph a year ago, out for the season with an injury.

Other picks:

Alabama over Florida: The Florida team has been a disappointment all season.

Navy over Southern Methodist: The Midships, with Roger Staubach at the helm, lead the nation in scoring, in passing yardage and total offense.

Wisconsin over Purdue: Off their respective victories over Notre Dame, the Badgers are a touchdown better.

Southern California over Notre Dame: The Irish are stingy on defense but don't have a consistent offense. The Trojans have Pete Beathard and Hal Brodeur.

Ohio State over Illinois: The Illini are on the way back but haven't come far enough to win two straight in the Big Ten, especially when the Ohio State line-up includes a Don Unverferth and a Dick Van Raaphorst.

Penn State over Army: The Cadets first three fullbacks are hurt and No. 4 is green.

Nebraska over Air Force: A battle of quarterbacks with Nebraska's Dennis Clardige getting the better of the Falcons' Terry Isaacson.

Arkansas over Baylor: The Porks have lost their game of the season.

Northwestern over Minnesota: Tom Myers will bring the Wildcats home over a rugged defense led by Carl Eller. Your television thriller.

Washington over Oregon State: The Huskies, the disappointment of the Pacific Northwest, get on the right track before the home folks.

North Carolina State over South Carolina: Sammy Anderson, South Carolina co-captain and halfback, out for the season with a bad knee.

Georgia Tech over Tennessee: Billy Lofthridge.

Miami over Louisiana State: The Miami Hurricanes have their pass patterns straightened out.

## Teachers, A&M Lead Statistics

LITTLE ROCK (AP) — State Teachers and Arkansas A&M, the top two contenders for the Arkansas Intercollegiate Conference football championship, have topped the top spots in every phase of individual statistics, an AIC report showed today.

Quarterback Bob Tiner of Teachers is first in passing with 16 completions in 27 attempts for three touchdowns and 267 yards gained. He also leads in total offense with 83 yards rushing and 267 passing.

End Bill Shimek of Teachers leads in pass receiving, catching 12 for 201 yards. Halfback Bill Grubbs of Teachers leads in kickoff returns (nine for 221 yards) and punt returns (six for 106 yards).

A&M's Ronnie Higgins tops all rushers with 270 yards on 57 carries, a 4.7 yard average, and is first in scoring, with three touchdowns, nine extra points and three field goals—36 points.

Jimmy Atkinson of A&M leads punters with a 39.1 yard average on 20 kicks.

# Bobcats Take Over Standings in District

And then there was but one — one undefeated team in Div. 4AA football conference after last week's action. The Hope Bobcats have taken over sole possession of the No. 1 spot was the Magnolia Panthers suffered their first loss of the season.

Hope had a good night passing as they defeated Malvern's Leopards 27-0; Magnolia lost a real battle 31-7 to Smackover. In non-loop action Camden won its first game of the season 13-0 over Arkadelphia; Crossett had a 7-0 win over Nashville; and Fairview had to hold off Gurdon for a 25-20 win.

The Bobcats are 2-0 in the 4AA wars. They have defeated Smackover and Malvern. This week they face the Eagles of Crossett on the home field. Then they play Fairview, Magnolia and Camden on successive weekends. In other games this week: Malvern plays at Camden in league action. In non-conference games Fairview plays at Arkadelphia; Warren goes to Smackover; and Magnolia plays at DeQueen.

With only single losses on their conference record Magnolia, Smackover, Fairview, and Camden are still in the running should Hope encounter any troubles. Malvern and Crossett have two league defeats.

Smackover's Ted Roberts has taken over the scoring leadership. He has five touchdowns and four extra points for 34 points. Mac McLarty of Hope and Tony Smith of Crossett follow with four TDs and 24 points each.

Hope leads the conference teams in Net Yards Rushing with 936, followed by Crossett 824, and Malvern 776. The Bobcats also lead in Net Yards Passing with 347 yds., followed by Crossett 265, and Fairview 249.

On defense against rushing Magnolia leads with a yield of 470 yds., followed by Fairview 499, and Hope 520. Fairview has given up only 116 yards to opponents passing, Crossett 195, and Camden 206.

The Bobcats have a big lead in total scoring points with 112. Magnolia has allowed on 19 points.

# Credits the Scouts for Dodger Win

Editors Note: The seemingly impossible became reality when the Los Angeles Dodgers swept the World Series from the New York Yankees in four games. It had not happened to the Yankees in 27 previous World Series. But there was a reason. Associated Press baseball expert Joe Reichler tells the story in this exclusive report.

## DODGERS SERIES BOOK

By JOE REICHLER  
Associated Press Sports Writer

NEW YORK (AP)—The Los Angeles Dodgers' stunning four-game World Series sweep over the New York Yankees was the result of a perfect book—actually 19 pages of loose leaf paper—compiled by three top scouts.

Carrying out the instructions and recommendations in the secret report, Dodger pitchers Sandy Koufax, Johnny Podres and Don Drysdale were able to limit the American League's toughest hitting team to four runs and 22 hits, only five for extra bases.

The weapon was provided by the information on the 9 x 12 sheets of loose leaf paper, put together by Director of Scouts Al Campanis and two of his aides, Lefty Phillips and Ted McGraw.

The reports contained information on the strengths and weaknesses of every Yankee in the hitting, fielding and pitching departments. In addition to routine information, the Dodger pitchers learned which batters would lay off certain pitches, which they preferred, which they were most likely to hit—and in what direction the ball would probably travel when hit.

"I have never seen a more thorough scouting report," said Buzzy Bavasi, Dodger general manager.

The players were told which Yankees were fast ball hitters and when they were most likely to try and steal or attempt to hit-and-run. On the other hand, the Dodgers learned when and against whom they could try to take the extra base, and which pitchers could be waited out and which could not.

Campanis, who revealed the nature of the scouting report only in general terms, declined to make public the more personal and secret disclosures in the reports.

"Much of the report was obvious," said Campanis. "We played the Yankees for a power club. We didn't expect them to steal, and they didn't. We didn't expect them to bunt until late in the game, and they didn't. And because of this knowledge, the infield was able to play deep. As a result, Willis and (Dick) Tracewski were able to take several hits away from the Yankees."

Yankee pitching also was broken down from every angle — a pitcher's best delivery, what to expect when a pitcher is ahead or behind on a count, what a pitcher uses in key spots.

# Picks Arkansas for Victory

By THE ASSOCIATED PRESS  
The Southwest Conference is expected to win two non-conference games and lose two this weekend—but Arkansas is picked to win a SWC battle with Baylor at Waco, Tex.

The Razorbacks are favored by a touchdown against the Bears in the top conference game on schedule.

Texas Christian is picked by 10 points over Texas Tech in the other SWC game.

Oklahoma is a five-point favorite over Texas and Navy is a 12-point choice over Southern Methodist.

Rice is picked by 13½ points over Stanford and Texas A&M is favored by six points over University of Houston.

# Figures '64 Business to Be Good

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP) — Forecasting used to be a December sport. This year peering into the economy's future is already well under way. And most of the predictions sound suspiciously alike:

Business will be good in the first half of 1964; and if a tax cut is passed in time to give the aging upswing a needed tonic, business should be good throughout the year.

Those who suspect this may not be necessarily so base their warnings on a number of things. But a chief one just now is that all the predictions sound alike. Often in the past a unanimous vote either for an upswing or a downturn has proved strikingly wrong.

The optimistic predictions, however, have much solid backing.

The momentum of the current upswing alone could carry it along for some time. And the weaknesses in the economy just now either aren't too apparent, or they've been around so long as to seem no more potent now than in the past few months.

Then there's that tax cut. If federal taxes are cut soon enough for the effect to be felt in the early months of 1964, increased consumer spending could boost already high retail sales and industrial production. If the tax cuts are voted sometime later in 1964, so that the actual extra spending money becomes available only toward the middle of the year, this could prove an anti-recession measure.

The nagging worry among some economists is based first on the age of the present upturn and second on past experience which shows that current strength usually hides any underlying weaknesses. A downturn in the economic cycle usually comes as a surprise to most Americans, businessmen or workers, producers or consumers.

Some economists argue that business cycles have been large-

# First Lady Sees Relics in Crete

By FRANCES LEWINE  
Associated Press Staff Writer

IRAKLION, Crete (AP) — Jacqueline Kennedy saw relics of the art and culture of the ancient Minoans today, realizing what she called "the dream of my life."

The American First Lady spent hours looking at frescoes of the palace of Knossos, the Iraklion museum and even walking through the labyrinth where legendary King Theseus slew the fabled Minotaur.

Mrs. Kennedy, arriving on Aristotele Onassis' yacht Christina, was excited and eager. For two hours she toured the ruins, with their marvelous frescoes.

When she left by her speed boat she waved to the small crowd that gathered and applauded her. Mrs. Kennedy took with her samples of Crete's modern art.

Accompanied by her sister, Princess Lee Radziwill, Franklin D. Roosevelt Jr., and his wife, the First Lady went in the speed boat to a small beach nearby and swam in beautiful blue water.

A Greek bathing nearby when Mrs. Kennedy took her dip excitedly came back to shore relating that he had shaken the hand of the wife of the president of the United States.

The mayor of Iraklion gave Mrs. Kennedy several farewell gifts. They included a lyre, a musical instrument used by the people of Crete, a Minoan jug, a handwoven table cover and a piece of handwoven cloth for her to make a dress.

The Christina is reported heading next to Levkas, in the Ionian Sea about 400 miles northwest of Crete.

The island, off the western coast of Greece was the scene of numerous naval battles between the Greek tribes in the 4th century B.C.

## ly tamed by government cushion, or pump priming. Others contend they have only lost the worst of their bite but are still with us.

Some of the caution signs now sighted are the easing off of the earlier boom in housing construction and in manufacturers' new orders for durable goods. Employment, retail sales and personal income of late haven't rung up the big gains of earlier this year.

A slowdown in an advance isn't a downturn by any means. But in the past it has sometimes indicated that one might not be too many months away.

That's why the good news from Detroit that the new car model seem to be catching on, with promise of another good sales year, and the upturn in steel production which has firmed up decisions to raise steel prices viewed as especially encouraging just now.

And the forecaster are making the most of it. Momentum and the likelihood of a tax cut lead most of them to see on fair skies ahead.

## Asia Shaken by Its Own Conflicts

EDITORS NOTE—Reporter William L. Ryan has covered news all over the world, from Moscow to Chile to Singapore. He is a specialist in Communist affairs and the way nations react to the Communist effort to gain converts. Now he is back in Asia, talking to people across the political spectrum from extreme right to extreme left, and from the top to the bottom of the ladder.

By WILLIAM L. RYAN  
AP Special Correspondent  
BANGKOK, Thailand (AP)—Asia is severely shaken today by its own conflicts and by radical changes in the cold war picture. These changes are a potent yeast in the ferment which is engulfing the whole vast, over-peopled, and impatient continent.

"This is a most critical moment for Asia," said one highly placed informant. "You might say this whole area now is up for grabs."

It seems probable that a long hard struggle is ahead to prevent the whole continent from falling one day under Communist domination.

The most significant development for Asia in the past decade has been the violent quarrel between the Communist parties of the Soviet Union and Red China.

Yet there are also clear indications that the Chinese-Soviet split is being overstressed to an extent that can lead to dangerous consequences.

To Indians, the split seems to have become a question as simple as black and white: The Chinese have become all bad—therefore those who seem to oppose the Red Chinese must be the reverse. This includes the Soviet party and its followers.

Even in Southeast Asia circles closely connected with the United States and the West one can detect a superabundance of optimism. This seems based on the notion that the Red Chinese have lost the implicit support of the Russians, should Peking think in terms of embarking on reckless adventures. But Peking always has had the long view of domination in Asia by slow stages, despite its defiance of nuclear "paper tigers."

The more cautious element in Southeast Asia makes allowance for the possibility of events—a showdown crisis in which Moscow may have to stand up and be counted, or a change of leadership either in Peking or Moscow—which could cause the Russians and Chinese to close ranks.

Although the world's attention was diverted by the Cuban missile crisis last October, Red China's attack at that time on India's frontiers was an event of enormous cold war significance.

India turned in virtual panic to the United States for military help. It got aid, under the U.S.-British Nassau agreement, but this tended to damage Nehru's standing as the Asian leader of nonalignment.

The Indians are getting arms, ammunition and technical assist-

## American Explorers Are Safe

CHIHUAHUA, Mexico (AP)—A group of American explorers, none of whom had been heard from in more than a week, arrived here today greatly surprised that a search had been launched for them.

The explorers, including two young women, were discovered Monday at the primitive village of Creel, located about 7,600 feet above sea level in the mountains of northwest Mexico.

Ten men and the two women arrived by train at 3 a.m. (EST) today. Two other members of the party, with vacation time still on their hands, went to the Pacific coast resort of Las Mochis.

The party was greeted at the station by James D. Dean, 31, of Salt Lake City, Utah. Dean was a member of the expedition when it started a proposed 120-mile float trip Sept. 25 down the Rio Urique. The river flows through the Barranca de Cobre gorge, an area described as more rugged and dangerous than the Grand Canyon in Arizona.

The party covered only eight miles in four days because of low water and boulders in the river.

Running low on food, Dean and Larry Davis, 26, of Price, Utah, left on foot to pick up supplies at a mining camp. It took them another four days to cover 15 miles. They finally met some Indians who took them to the camp. Dean, however, was hospitalized at Chihuahua suffering from exhaustion, dehydration, bruises and abrasions.

Davis returned to the main party accompanied by a Mexican guide and two Indians. Nothing was heard from the group until Sunday when a search plane spotted their boats beach in the canyon.

### Gets 20 Years for Assault

LITTLE ROCK (AP)—William Hall, 30, a Negro of Little Rock, was sentenced Tuesday to 21 years in prison for assault with intent to rape.

Hall had been charged with the rape of a 23-year-old Negro woman at her home in Little Rock on June 15, 1962.

Defense and prosecution attorneys agreed to reduce the charge. Circuit Judge William J. Kirby sentenced Hall, who pleaded guilty.

ance for their armed forces. They wanted a bit more. The Indians hinted broadly that they wanted Nike-Zeus ground-to-air missiles for defensive purposes around the big Indian cities.

The United States did not take the hint. Possibly the reaction in Pakistan, which constantly expresses fear of the Indians, played a part. The Indians, who claim they have always turned first to the United States, now are looking to Moscow. There is a good chance that Russian ground-to-air missiles eventually will be protecting Indian cities against the Red Chinese.
